Dear _____,

Due to a lack of funding, the Key West High School Academic Challenge Team, which has placed within the top three teams in the state of Florida for the past four years, may not be able to compete on the county or state level this year.

Academic Challenge is an academic club in which students answer complex and difficult questions ranging from physics to literature to integral calculus to art history. KWHS has taken first place at the Monroe County competition for six consecutive years and this year may be our seventh if funding can be found.

This year, budget cuts have eliminated district funding, putting the responsibility to compete squarely on the team's shoulders. We are trying to raise \$2,500 for this year's county competition.

We would appreciate any donation you could make to the team. Checks can be made out to Key West High School with Academic Challenge in the memo line.

Thank you very much for your time and consideration,

Sherman Kaplitz
Captain, KWHS Academic Challenge team
