Key, Monroe County

Dear Mr. Routa:

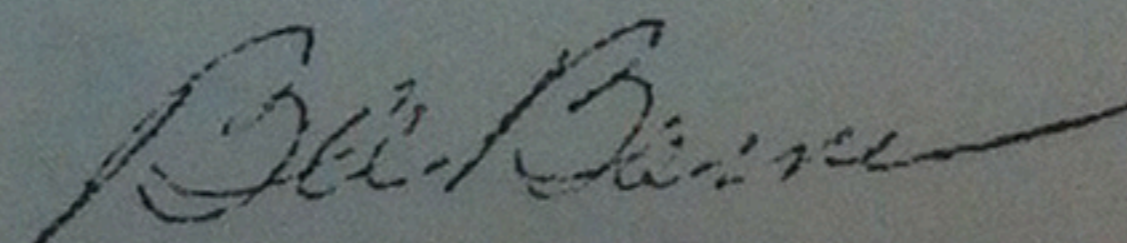

The Department has requested a field review of the subject project.

The information received indicates that there exists Board of Trustees of the Internal Improvement Trust Fund's accusation of possible violation. The items reads as follows: "Unauthorized fill and dock used by lobster boat. The fill is on privately owned land (#21173). There was no federal permit for the fill and no dock license. Before a permit for a navigation channel can be considered, these violations must be cleared up."

Please inform this office of the current status of this matter.

Sincerely,

Office of the Executive Director
Dredge and Fill Section
