Mr. J. I. Wilson
Security Building
Miami, Florida

Dear Sir:

The Department of the Navy is considering the acquisition of approximately 39 acres of land constituting an island located in the vicinity of the U. S. Naval Station, Key West, Florida. The area consists of one parcel of filled land with no improvements. A map of the area and a legal description of the property are enclosed to provide more detailed information.

It is desired that the appraisal be completed within 14 days after the awarding of the contract.

It is requested that you advise this office if you are interested in making the appraisal, stating whether or not you would be able to meet the time schedule or furnishing an alternate completion date. It is further requested that you state whether you have recently appraised similar property, if litigation ensued after such appraisal and whether the final award was in line with your testimony. It is not desired that your fee be submitted at this time.

A prompt reply in this matter will be greatly appreciated. You are advised that in the event a reply is not received within 15 days from the date of this letter, it will be assumed that you are not interested in performing the appraisal work.

Very truly yours,
